Sorry, it has been a busy day. I contacted Chad and Omar to see if they could steer me in the right direction. I thought you had a contact, but we'll see if these guys know the right mover and shaker to help with this situation. I think all the rain drains are pretty filled up with all of the leaves...and we had a terrible flooding of TPSS during the last drain, so it is in our best interest to get this straightened out so some of the water has a place to go. I will keep you posted as to my progress.

Miki
